Denplan Care Fees

Our dental payment plan, Denplan Care, entitles you to all the routine care and treatment you need to keep your teeth and gums healthy, without the worry of unexpected treatment costs.

Rather than paying for your oral healthcare each time you attend, you pay a regular monthly fee. I have listed briefly below the benefits that Denplan Care provides. For more detailed information turn over for a comparison to our private fees.

Denplan Care provides:

- Check-ups and dental x-rays
- Hygienist appointments (including scaling and polishing)
- Necessary fillings/extractions
- Preventive dental advice and therapy
- Major restorative care including crowns, bridges, dentures (excluding laboratory fees should we need to build crowns etc)

Denplan includes built-in Supplementary Insurance as part of Denplan Care, a worldwide dental injury and dental emergency cover supported by a 24-Hour Dental Emergency Helpline (terms and conditions apply).

Fee Code	A	B	C	D	E
Monthly fee	£22.50	£32.90	£39.00	£49.00	£54.00

In case if you are interested we will provide you with a free Denplan assessment involving your previous dental history, current oral hygiene and your anticipated future needs. This will then provide you with your category band and the monthly amount of payment.
